

There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it.... Arthur Conan Doyle ...A Study in Scarlet Here, in A Study in Scarlet, Sir Arthur Conan Doyle introduces us to one of the most popular and studied characters in fiction; Sherlock Holmes. In this first novel of this most complex and some would argue, tortured man, he relates the first meeting of Holmes and the narrator of these adventures, Dr. Watson. Amazed by his amazing perception and the depth of what Holmes knows (and what he apparently has no need for) Watson is soon to learn that no man burdens his mind with small matters unless he has some very good reason for doing so.
