

All men are brothers (Chinese Edition)

All men are brothers, one of the vernacular, full-length novels is the Chinese people's favorite classic. It originated in MING Dynasty, based on the stories, scripts as well as dramas on the topic of SHUIHU from SONG and YUAN Dynasty, the author put them in order and made them as an organic whole. Based on the theme of peasants uprising led by SONGJIANG, the novel artistically shows the grand spectacle, in which Chinese people in ancient times fought bravely to resist the oppress. It fully reveals the decadence and cruelty of feudalism, the fierce opposition and social contradiction as well as the reality of Misgovernment makes people rebel. Many heroic characters such as LUZHISHEN, LIKUI, WUSONG LINCHONG YUANXIAOQI and many others are successfully formed in the novel. With its winding plots, vivid language, and the clear-cut character of figures, the novel had achieved its artistic height. The thought of the novel was seriously confined because because it eulogized and beautified the main character SONGJIANG and advocated loyalty and enforce justice on behalf of GOD.
