Shipping department heads Taj Durante and Jeff Raleigh finally have no choice but to fire him. When Alaina, Jeff, and Taj realize that Alaina's boss and her ex were secretly lovers, all three become unwilling pawns in a dangerous game of corporate greed and betrayal. Taj and Jeff are descendants of the men who founded Phobes Playthings, and are also under the curse placed on the males of both families. If they try to leave the island, they die. Both men have buried themselves in the work of running the company, but when Alaina becomes their lover and their submissive, they know they've found the woman they've each waited for. But can they stop Alaina's boss and her ex from ruining the company their ancestors built, and from driving away the woman they love? ** A Siren Erotic Romance
