

Gregory Stanton sleeps with the wives of businessmen while they're in meetings with his father, but even his extensive history is nothing compared to what he's about to experience with a stranger named Cassandra. He could be on the verge of the best night of lovemaking in his life, and even though he's a well known playboy heir to his father's billion-dollar company, he exchanges aliases with the intensely strong-willed woman who is still deciding whether or not to let him win her over. As flirtations and affections are exchanged with every passing moment, each becomes more and more unsure if they're predator or prey in this steamy game of lust. But Gregory's father, Nigel, has an assignment for Gregory that will bring him face to face with another billionaire family on the brink of tragedy, leaving him with the potential to either ruin or redeem them, and after a night like this, he may have already doomed both families. Find out why they call him Casanova. *Book 2*
