

Dog Owners: a spotters guide

Dog owners remain one of the most diverse species in the world, with a wide variety of weird and wonderful breeds across the traditional range of classifications: toy, pastoral, hunting, terrier, utility and working. Their size, colour, coat and behaviour provide fascinating topics for discussion and study for beginner and experienced spotter alike. From the portly restaurant-owning Red Trouser and his trusty chocolate Labrador, the elegant but aloof UKIP Pointer with mandatory bulldog and cute but snappy Chihuahua-carrying Trusty Fund, to the docile Farming Subsidy and his collie, the Parsons nose and her dachshund and the Manor Born, never seen without a pair of deerhounds, this book will be an invaluable companion to all those interested in learning more about dog owners and their idiosyncrasies.
