

Kahlfrost (German Edition)

Warum schießt jemand auf einen harmlosen Rentner? Kommissar Weisgerber und sein Team versuchen das herauszufinden. Kompliziert wird der Fall, als die Ärzte die Polizei wissen lassen, dass Professor Bender nicht nur Schussverletzungen hat, sondern massiv verstrahlt worden ist. Noch komplizierter für Weisgerbers Leute wird es, als man feststellt, dass Bender ein Mann ohne Vergangenheit ist. Die Spur führt in die siebziger Jahre der Roten Armee Fraktion.
