

## The Restaurant

Meet Parker Flint: broke college student and desperate for a job. Luckily, her brother works at The Restaurant, a well known establishment in the area. As a shy introvert, Parker believes this could be her chance to become the confident and independent woman her parents want her to be. Parker is optimistic and starts almost right away. She quickly finds that hard work does not necessarily pay off. Although she is happy that the butterflies in her stomach have almost disappeared, Parker struggles with the rude and ultimately cruel customers she encounters. She relies on humor, patience, and optimism to face the harsh realities of the workplace.
