

Warts and All (Animalia Book 8)

After getting caught drinking and driving, Rowan knew she was lucky to get away with Probation before Judgment and only 250 volunteer hours. Anna wasn't pleased when Rowan's father called her at home, offering money to allow his daughter work off her hours in her research lab at SU. She politely informed him that she didn't want his money and that she wouldn't take on any students without an interview. She wouldn't take on anyone, including his daughter, unless they were a good fit for her research group. Anna agreed to meet with Rowan, but now that she was standing in front of her she pondered if Rowan had any idea of what she was getting herself into. Rowan pulled her Range Rover up next to the beat up Honda Civic with rainbow stickers and a bright orange sticker that said IM A FAN OF TREVOR. She would have to look that up later to figure out what it meant. She hopped out of the car noticing the long curly hair on the blond exiting the office building. The blond looked her over and gave her a deadpanned expression, making Rowan feel uncomfortable. Are you Rowan? Danny won't let you go into the field dressed like that. What are you, like the Barbie Park Ranger? Rowan was only kidding, trying to ease the tension between them, but she instantly regretted her words when the blond stiffened and rolled her eyes. Real original, Waverly said as she turned around and headed into the office leaving Rowan standing there to wonder what had just happened.
