

Good Things Come to Those Who Wait (Gay Military Romance Erotica)

The first time Lt. James Brown set eyes on Second Lt. John Dillon he was sure he'd never seen anything so beautiful in his life. The fact that he was a man wasn't lost on him. Most wouldn't think of a man as beautiful; handsome, striking, rugged and even manly, but not usually beautiful. To James though, he was beautiful... too bad it would be another 4 years before he saw him again, another year before he got him in his bed and, finally, another 4 years before he finally won his heart for good. However, once they were together the sparks flew and the sheets were set on fire... they are two men with a deep love of the Air Force and an even greater love of each other. Excerpt (Adult Content): James stared quietly into those startling hazel eyes, his breath catching as his throat closed. They stood there for a full minute, neither one saying anything as their breath mingled and began picking up speed. John's fingers splayed across James' chest, flexed slightly and gripped the t-shirt covering it. James gripped John's hips in an unconscious move, pulling John against him as his hands slid down and cupped the firm cheeks of John's ass. Whimpering slightly, John bit his bottom lip and slowly raised his arms and wrapped them around James' neck, leaning into him and bringing their lips to within an inch of each other. The silence in the room was only broken by their breath as they panted in need, the warmth of each other's breath gusting against their lips. Then in an instant they were locked in a kiss, their lips crushing against each other's in an all-consuming need. James bit John's lips softly, nibbling the plump flesh and laving the stings with his tongue as John's hands slid up into James' hair, carding through the heavy locks. John sighed and pushed his hips against James, their shallow thrusts rubbing their cocks hard against one another. Gripping John's ass tightly, James lifted John into his arms and groaned as John

instinctively wrapped his legs around James waist, the muscles contracting as he tightened them. Turning, he slowly made his way across the living room and into his bedroom, John taking over control of the kiss as James guided them into the room and towards the bed.***This is an 8000 Word erotic gay military romance short story.
