

## The Maidens War

Maggie, fighting to escape her abusive upbringing in West Virginia's coal country, has built a new life for herself at college: new ideas, new friends, and maybe a normal boyfriend. Then her professor introduces her to the Czech myth of The Girls War, and hires her to help build a society of strongwomen like the one in the story. But Maggie's father will stop at nothing to get his hands on his daughter again. Distraught, Maggie cries out for help - and against all odds, a Slavic goddess responds by sending her an unlikely champion.
