Id do anything if... Thats exactly what Jonathan Wheeler wants to hear, but theres always a cost. Tickets to the concert of the century? A college education for a child? Saving the life of a loved one? Jonathan Wheeler wants to make it happen, but if the price isnt paid hes prepared to deliver the consequences. Jonathan decides to honor the wish of his dying wife - that he give away his fortune - but his methods are dangerously unconventional. He takes extreme measures to witness human struggle and watch the discovery of hidden strength. But when Jonathan goes too far, he faces consequences of his own.
