

## Huge Feet and Flowing Manes.: A New Zealand Rural Gay Based Novel.

Jason Ward was a Farrier, he had trained in an apprenticeship, under Shorty Stokes. When Shorty died, Jason was fully qualified and Shorty's wife, asked him to take over the business. Jason had a love of Heavy work horses. So did Wally Ryan one of his clients. Jason did the shoeing of Wally's huge team of horses. An event put them at odds with each other, which caused Jason to question his association with Wally. Harrison Jason's apprentice, smoothed the way as the crisis deepened and nearly caused Jason, to quit being a Farrier. Discussions with Kelly Charles, Jason's closest mate, made Jason really think what he wanted out of his life. Jason's love of his own team of Heavy Draught Horses, rekindled his desire to grow and develop the interest he and Wally shared. Wally was an old style farmer, who while running a very good operation, was seen by many in the district, as a bit loopy working his property in the old fashioned way he did. Jason and Wally, worked out many forward thinking ideas together and their interest in others, touched new horizons when Wally started a small farming academy. One student had a secret he was loath to acknowledge. This caused a momentary crisis at the academy. With true understanding Jason listened, to the youths problems. He was a shoulder to cry on. This novel underlines the depth of Jason's maturity and the diverse opportunities, small rural communities can offer those keen to live in them. Jason and Wally forge a true friendship. One that touches many people and shows the contribution that man can make in every day life. Woven into this novel, is the beauty of the heavy work horse. Its place in farming and man's love of these huge gentle creatures. It also unfolds a real story, of what life really means. To those who can look above the everyday existence and frustrations of daily life and reach out to the true unknown. Jason's father Brydon, is the Bain of Jason's

life. The verbal torment he wrought on all his family, weaves true reality to what is already a complex story. Jason Wards story is part of the fabric that makes Rural communities, interesting and different.
