

## Stained Like Glass

Kadence Hodges starts her senior of high school year fully expecting to solidify herself as Cityside Christian Academics all-state volleyball star, but when Kadys health falters, everything changes. The unexpected diagnosis of an abdominal growth the size and shape of a baby must be a mistake. Impossible because as far as Kady knows, shes still a virgin with no memory of having sex with anyone. Ever. But Kadys body tells a different story as it stretches and grows to support the life inside, a life that is half her and half someone else. Someone unknown. After enduring expulsion from the only school shes ever known, a shunning from her church, and the shame of wearing a scarlet letter she cant hide, Kady finds that the local public school brings its own set of obstacles...a teacher who hates her and the challenge of fitting in and make new friends. Kadys life seems hopeless until she starts receiving anonymous letters from a mysterious stranger giving her just enough courage and strength to carry on. Heartache, loss, and grief are Kadys roadblocks in a journey that leads her back to a faith so strong it can forgive the unforgivable. Because in the end, Christianity means love...and nothing less.
