

He called it Wright Left. It was Nathan G. Wrights delusional daft drift through the friction of life. The hay-fever days and the x-rated nights. The years and the fears that kept him alert. The fondness for smiles and the nurture of mirth. Its his heart hostage friends, the invisible foes, his family and work. His joy and his woes. His thrill of the new and the place known as home. Its about the impatient long wait for some wisdom to show. Theres the ups and the downs and the whisky drowned frets, love was Wrights personal drug he truly supposed. So where is he now? God only knows (but SHE just lives in his head or so whispers go). He turns and tumbles in search of THE ANSWER. To life and love and his missing left sock. When IT happened. HIS DAY arrived and his world at last ravelled. And Wright left.
