

Margaret Fuller (Marchesa Ossoli) (Classic Reprint)

The present volume bears the name of Margaret Fuller simply, because it is by this name that its subject is most widely known and best remembered. A nother name, indeed, became hers by marriage; but this later style and title were borne by our friend for a short period only, and in a country remote from her own. It was as Margaret Fuller that she took her place among the leading spirits of her time, and made her brave crusade against its unworthier features.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
