

Confessions of a Reluctant Cougar

Sex is casual, but conversation is a serious matter in the outrageous adventures of Olivia, a contemporary cougar. She feasts on young men of all kinds, in a world where sex isn't dirty but love is coated in grime. In these raucous short stories, she runs the gauntlet of men, including a Harley-riding bikini salesman, a semiotics professor, a foot fetishist, a jaded brand consultant, a homeless man, and a bisexual mime. Written with Myna Wallin's signature wit, this entertaining account of the dating world is given a postmodern twist.
