

Help Wanted: Husband? (Mills & Boon American Romance)

A Man Who Got The Job Done! For months, no one had answered the help wanted ad that pregnant widow Lorna McDonough placed until the day Julius Holt arrived at her apple orchard. Never mind that the man was the sexiest thing she'd ever seen! In fact, that should have disqualified him for the position, because the last thing the single mom needed in her life was an attractive male. She'd just have to keep him at arms length. But the more Lorna tried to avoid Julius, the more work brought them together. Had her help wanted ad unexpectedly led to a man much more qualified for the position of her much-beloved husband?
