

Voice of an American Citizen

I have done this manuscript because I believe people will buy my book over others, because I am a common man, with the same thoughts of millions of other Americans. I believe the title of my book will draw attention over others. I believe it will do better than others, because people will read it and find that some of their own thoughts are written in my book. I believe you don't have to be famous to have a book do better than others. This book has something for all ages. This book will make you think, make you laugh and give hope for our future.
