

## Loving a Liar book 1: Ignoring The Warning Signs

Stacey wasn't always a crazed unstable girl. After years of battling pain and disappointment in her relationship she's being pushed to the edge. For so long her love for Sean has overshadowed all of his flaws and unfaithfulness. Perhaps she lacked self confidence, or feared growing old alone like her mother. Whatever the cause, Stacey can not find the strength to pull away from him. Her weakness keeps her locked in a bad situation that she is blind to. So blind in fact that not even the concerns of her family and friends could turn her away. The emotional toll that she is taking is manifesting in sporadic outburst of rage. Her ever changing demeanor has pushed her away from the people that actually care for her, leaving her to figure things out on her own. Will Stacey be able to break the chains holding her back before it's too late?
