

## Peeper Resplendent (Gethis: History of a Planet) (Volume 9)

Twelve years into her reign as the Empress of Gloriana, Reah is struck by one of the mysteries of Gethis. Why is Saipalus so barren, and embarks on a quest of her own to solve it. Or own it. Whichever. In the process she comes face to face with her former god Parin. Angry and demanding retribution for turning her back on him, she remembers why she hates to love him. She remembers the pleasure slave she used to be. And she is reminded why it is best not to dabble in matters of the Gods of Gethis.
