

## Rainbow Shorts

Rainbow Shorts is a wild ride of gay erotica and erotic romance. With guys who love to role-play, men who will do anything as long as the camera is rolling, a pizza shop that gets a little too hot, a trucker in a bit of a jam, a card party that gets out of hand, a very special fraternity with a long waiting list, a tropical twosome, a dandy dancer, a doctor who knows how to please, and so much more, this hot anthology will satisfy the most wicked desires and the heartiest appetites. Excerpt: The minute they got inside Dannels room, lips found lips, bodies found the bed, and psyches found paradise. They had barely closed the door when Keanu wrapped his arms around Danny and smiled saying, I love making it with a guy a few years older than me. He looked at Danny with a devious stare. But enough talking for now, he said. Hands found buttons and shirts were discarded, and Keanu attacked Dannels neck with the vengeance of a vampire. He led him to the bed, gradually working his way down to paradise. For Danny it was pure pleasure. He released a muffled moan of pleasure, and Keanu knew he had the unassuming vacationer right where he wanted him. You really want me, dont you? Yes. What if I told you its a hundred bucks? Suddenly the absolute reality hit Danny. Youre a hustler! I thought you were kidding me about the cash. Youve wanted me from the first moment you saw me in the park. Well, youve got me if you want me. Danny was stunned. You reeled me in like the dumbest fish in the lake. I sure did. I gotta make money. If it wasnt you, it would have been some other guy this afternoon and there will probably be one more this evening. Hell be just like you. Hell follow me through the park, check me out, strike up a conversation, and do anything to get me alone with him, just like you did. Why do you think I said I like going with older men. Younger guys dont have my kind of

cash couldn't afford me. But why? Why what? Why hustling? I got the looks, and I got the talent. I just put it all to work for me, and it sure beats a desk job. Keanu knew exactly how to keep the sex urge going while he was negotiating the price, and it was definitely working with Danny.
