

## Cassidys Kiss/Elodies Offer

Two novelettes from Anna Samuels...classic romances with a unique twist! Cassidy's Kiss Fifteen years ago, Alexandra Fares life had changed when she admitted her true feelings to her friend Cassidy. After telling her I love you, Cassidy had rejected her and their friendship was over. Alex had moved on with her life but had never forgotten Cassidy or what she had meant to her.

When Cassidy re-enters Alex's life unexpectedly, Alex finds it hard to accept her apology. Alex is forced into Cassidy's company as their teenage children have formed a bond and their budding relationship brings them back together.

With Melody and Jake spending more and more time together, Cassidy and Alex find themselves connected by fate. Alex is surprised when Cassidy reveals that she wants to re-kindle their friendship and possibly even more. Fifteen years have passed and Alex is unsure what she wants from Cassidy. Will Alex take a chance on love? Find out in...Cassidy's Kiss. Elodie's Offer When Elodie May discovers her teenage son has been seeing a girl she disapproves of, she is incensed. Elodie demands to see Madison's mother, she finds herself face to face with Mackenzie Strider.

Elodie and Mackenzie have an instant connection and form a united front to deal with their wayward children. Mackenzie is of the same opinion as Elodie-their children are far too young to be having such a serious relationship. They put their foot down and tell their children they must split. Just as Elodie is settling into normal life again, Mackenzie contacts her with upsetting news. Madison had revealed to her that she is pregnant. Elodie is horrified and bewildered that her son, Ben, would get himself in such a situation just before he was due to begin college. Elodie takes action and gives the Strider family an offer they can't refuse. With the four of them under one roof, Elodie finds herself

overcome with a new emotion. Elodie realises she is attracted to Mackenzie, who is openly gay. With a new baby to cope with and teenagers running wild, will Elodie take a chance on love? Find out in...Elodies Offer.
