

The Battle Rages On The alien Chromatics burst into our Solar System a few short months ago in a surprise attack on Earth itself! Only the combined efforts of the psi orders and Earth nations repelled the assault. However, even more shocking than the alien raid was how the creatures found our planet. Luckily, humanity can use that same amazing secret to exact revenge to strike back at the Chromatics homeworld! Fight on the Front Lines! Invasion is the first in 1999s two-part Alien Encounter adventure series that examines the mysterious and dangerous alien races of the Trinity Universe. The book contains two scenarios; players characters take center stage in a daring counterattack against the warlike Chromatics. Of course, things arent as simple as they first appear. Comprehensive source material included in each episode gives Storytellers a wealth of information about Chrome-Prime
