

Sex & Travel & Vestiges of Metallic Fragments is an anthology of essays probing and deconstructing modern and historical concerns, from Katrina to Antietam to Hollywood to Irwindale; be it luscious low-rent lap dancers or land speed record losers; reactionary rock stars or genocidal Confederate Generals; Death Valley meth-heads or Japanese drifters; Teutonic milfs in swimsuits or Ashcroft informants; anarchic adrenaline-addled urban bicyclists or Scientologists; from Mark E. Smith and Merle Haggard to Kathie Lee Gifford, Courtney Love and the chick from the Yeah Yeah Yeahs. Of the zeitgeist and a cosmological constant, this collection of literary journalism for the fast, the inquisitive and the appalled.
