

Heavy Metal Heart

All those wild rock stars you hear about? Some of them really are demons, sustained by the energy pouring off the audience. Nico Rossos Demon Rock series kicks off with Heavy Metal Heartan otherworldly story of hot sex, satyrs, and rockn roll.Rock Star. Front man. Demon. A descendant of satyrs and the lead singer in a band that feeds on the energy of its audience, Trevor Sand is growing weary of the constant need to perform. He needs the legend of the Musea woman destined to be a demons eternal companion and only source of sustenanceto be true.Misty Grant has never been bold, but when Trevor singles her out among hundreds at a concert, she takes him up on his explicit offer. During an erotic night in his hotel room, she learns that his touch is as electric as his lyrics. But when Trevors demon is aroused, her desire turns to horror and she runs.Knowing that hell die if he loses her, Trevor must find Misty before his enemies do. But even if he can save her, he knows that regaining the trust of his fated Muse will be his greatest challenge.Book one of Demon Rock49,000 words
