

Doctors Orders (Gay Domination/Submission Medical Fetish Erotica)

When cute college student Will gets accepted into a prestigious study abroad program, he thinks hes finished with the hard part. But standing in his way is one last requirement - a physical from the campus doctor - and Dr. Stevens isnt letting him go without first giving him a very thorough examination. 4215 words of steamy exploration under the doctors guiding hand await in this erotic short story. Warning: contains graphic descriptions of oral sex, anal play and examination methods with dubious medical application between two men.
